

Install 3M™ Clean-Walk Mats as easy as 1-2-3.

Unframed Mats:

1. Pull white tabbed liner to expose adhesive on back of mat.
2. Adhere mat to a clean, dry, smooth floor surface by pressing firmly in place.
3. Peel off top clear protective layer from the red tabbed corner to expose first sheet. Mat is now ready for use.

Framed Mats:

1. Pull white tabbed liner on the adhesive pad to expose adhesive.
2. Center and align adhesive pad to the smooth topside of the plastic frame.
3. From the red tabbed corner, peel off top clear protective layer to expose first sheet. Framed mat is now ready to position on the floor or carpet surface and available for use.

PRODUCT USE: All statements, technical information and recommendations contained in this document are based upon tests or experience that 3M believes are reliable. However, many factors beyond 3M's control can affect the use and performance of a 3M product in a particular application, including the conditions under which the product is used and the time and environmental conditions in which the product is expected to perform. Since these factors are uniquely within the user's knowledge and control, it is essential that the user evaluate the 3M product to determine whether it is fit for a particular purpose and suitable for the user's method of application.

WARRANTY AND LIMITED REMEDY: Unless stated otherwise in 3M's product literature, packaging inserts or product packaging for individual products, 3M warrants that each 3M product meets the applicable specifications at the time 3M ships the product. Individual products may have additional or different warranties as stated on product literature, package inserts or product packages. **3M MAKES NO OTHER**

WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY ARISING OUT OF A COURSE OF DEALING, CUSTOM OR USAGE OF TRADE. User is responsible for determining whether the 3M product is fit for a particular purpose and suitable for user's application. If the 3M product is defective within the warranty period, your exclusive remedy and 3M's and seller's sole obligation will be, at 3M's option, to replace the product or refund the purchase price.

LIMITATION OF LIABILITY: Except where prohibited by law, 3M and seller will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted, including warranty, contract, negligence or strict liability.

Clean-Walk Mats

Go to the mat to trap dirt and contaminants.

3M™ Clean-Walk Mats feature a multi-sheeted adhesive system that captures dirt on contact from shoe soles, wheels and other passing objects. Individually tabbed and numbered sheets peel away easily exposing a fresh, ready-to-use sheet. This mat system delivers important advantages for every plant environment — from office to manufacturing to warehouse.

- Reduces dirt passed between high-traffic office and production areas
- Large adhesive surface area holds dirt securely to prevent residue transfer — long enough for two steps
- Protects, preserves the appearance, and prolongs the life of floor surfaces and carpets

These mats improve facility maintenance in a variety of industries including:

- Fabricated metal shops
- Machinery and electronic equipment operations
- Printing and publishing facilities
- Construction and remodeling projects
- Health care facilities and commercial buildings

3M™ Clean-Walk Mats capture dirt everywhere...

in shops, manufacturing facilities, warehouses and commercial buildings.

Framed, with nonskid backing

The nonskid polystyrene backing on our framed mats make them ideal for carpeted surfaces.

- Thin (1.2 mil) white sheets that adhere to a 1/8" hard plastic base
- Protective properties help extend the life of carpets and other floor surfaces
- Mat is completely portable for use throughout your facility
- Frame is reusable, simply adhere a new replacement pad

Nonskid backing keeps mat in place

Unframed, with adhesive backing

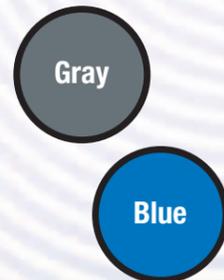

These mats provide long-lasting performance on concrete and most smooth surfaces.

- Low profile construction — 1.2 mil sheets mounted to a thin (2.0 mil) flexible base
- Adhesive-backed base adheres to most smooth floor surfaces
- Mat system protects floors and finishes from surface abrasion
